### **Creative Modelling**

Create a realistic inventory for a person living in Tudor times.

Inventories were using in Tudor times to record all the items a person owned when they died. They showed the value of each item and gave a total value. This can be used to show if a person was rich or poor.

### **Artwork – Portraits**

During Tudor times, portraits were used to show a person's character. They were used to display power, intention and status. Pick a famous character from the Tudor times and create a portrait of them.
