

# Chantlers Primary School is one of the highest performers in England, winning national award for Children's Progress - top 10%

Chantlers Primary School has been recognised nationally by receiving a prestigious award for their outstanding results last year. The award is based on 2019 data provided by the Department for Education and Ofsted, and for the school's commitment to collaboration, analysed by SSAT, the Schools, Students and Teachers network.

Chantlers Primary School was found to be among the best performing primary schools in the country, receiving one SSAT Educational Outcomes award. Chantlers Primary School has enabled pupils to make progress in Reading, Writing and Mathematics which is significantly higher than the national average at Key Stage 2 and is among the top 10% across all schools nationally.

The SSAT Educational Outcomes database compares all state-funded schools in England and the highest performing schools in a range of key measures are awarded SSAT Educational Outcomes Awards.

Laura Burton, Head of the SSAT Primary Network said:

"This award rightfully recognises the commitment and dedication Chantlers Primary School demonstrates to enable their pupils to achieve and succeed. Congratulations to all members of the school community."

Sue Williamson, Chief Executive of SSAT said:

"Congratulations to Chantlers Primary School on winning an SSAT Educational Outcomes Award. SSAT is committed to recognising the successes of schools in improving the lives of children. We know that this award is due to the hard work of everyone in the school, and the leadership of the headteacher and governors. Thank you for all that you do."

ENDS

## Note to editors:

SSAT, the Schools, Students and Teachers network is a membership organisation of schools and academies. They have been working with leaders, teachers and students for over 30 years to drive school improvement and innovation, and support their members through networking opportunities and professional development and school improvement programmes.
